

Health Care Access Survey

We need to hear from you!

Disability Rights Maine (DRM) is collecting data about the issues people with disabilities face accessing health care. Currently, this data does not exist! The survey is confidential and anonymous.

The information will be used to advocate for change. To do this, we need your help!

How do I take the survey?

- Online, using your phone, computer, or tablet
- On a paper version
- With support from family, friend, or DRM staff (available by phone, Zoom, or in person)

Where can I find the survey online?

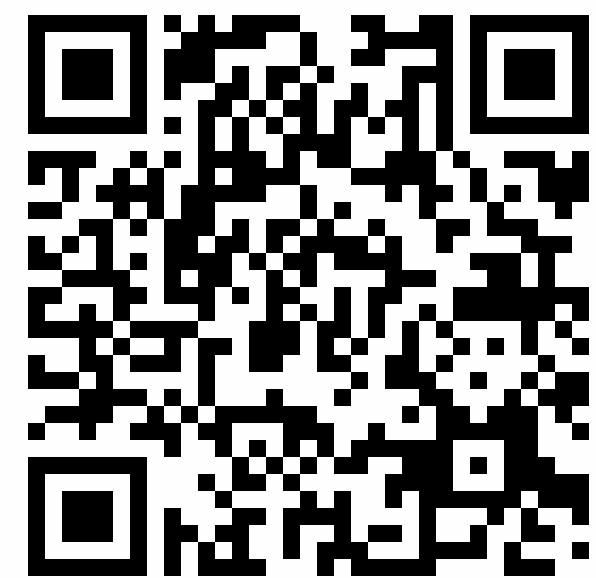

Use the link or scan the QR Code to access the survey.
